

# Tokens.com Expands Virtual Real Estate Portfolio with Acquisition in NFT Worlds Metaverse

**TORONTO, ONTARIO, March 14, 2022** - [Tokens.com](https://tokens.com) Corp. (NEO Exchange Canada: COIN) (Frankfurt Stock Exchange: 76M) (OTCQB US: SMURF) ("[Tokens.com](https://tokens.com)" or "the Company"), a publicly-traded company that invests in Web3 crypto assets and businesses linked to the Metaverse and NFTs, is pleased to share that its subsidiary, [Metaverse Group](https://metaverse.group), has purchased virtual NFT real estate in the NFT Worlds Metaverse.

NFT Worlds is a fully decentralized, fully customizable, community driven, play to earn gaming platform where world owners can create their own limitless Metaverse games or experiences for players or exclusive communities within their worlds.

Currently using Minecraft and its sprawling open-source ecosystem, NFT Worlds builds on the backbone of decades worth of open source development within the Minecraft community and radically expands on it to enable entirely new types of 3D voxel-based, decentralized gaming Metaverses backed by the Ethereum blockchain.

Metaverse Group's purchase expands and diversifies its eight-figure real estate portfolio. NFT Worlds parcels are staking compatible which introduces a new revenue stream to Metaverse Group. This parcel brings new opportunities for Metaverse Group, its partners and parties interested in establishing a presence in the Metaverse. Each NFT World is an explorable, limitless world that can be developed into anything you can imagine. NFT Worlds is unique as it is compatible with Minecraft, in addition to being massively multiplayer, and decentralized.

"Adding this parcel to our portfolio diversifies our offering across 7 different Metaverses," commented Andrew Kiguel, CEO of Tokens.com and Executive

Chairman of Metaverse Group. “ We understand the popularity of Minecraft and are pleased to own a parcel compatible with it.”

Brands or virtual landowners interested in partnering with Metaverse Group should contact [Info@metaversegroup.com](mailto:Info@metaversegroup.com).
